Question 1: You indicated in the survey that you take vacations domestically. Tell me about some of the places you like to travel to and why you like going there.

Answer:
I love going on vacations in my country. Mountains are great for peaceful hikes, the seaside for relaxing by the waves, and historical cities for learning about our culture. It's nice because I can have different experiences without going too far from home.

Question 2: Can you tell me about the things you do in order to prepare for trips?

Answer:
Sure! Before I go on a trip, I make a list of things to pack, like clothes and my toothbrush. I check the weather to know what to bring. I make sure I have my tickets and ID. I charge my devices and pack a book or some music. I also bring snacks for the journey. Before leaving, I lock up my house and make sure I have everything. It's all about being ready and having a good time on the trip!

Question 3: Traveling can lead to many kinds of interesting, funny and unexpected experiences. Tell me about one travel experience you had that was unforgettable. Start by telling me when this happened, where you were, and who you were with. And then, tell me about all the things that happened that made this experience so memorable.

Answer:
One really special trip was last year at the beach with my family. It was a sunny day, and we tried parasailing. Going up in the sky felt like flying, and the view of the ocean was amazing. I was a bit nervous but super excited. When we landed, we all laughed and talked about how awesome it was. It was a really fun and happy day with my family that I'll always remember.

Question 4: Tell me about some of the trips that you took in your youth. Where did you go? Who did you go with? And what did you do or see during those early trips?

Answer:
As a kid, I went on fun trips with my family. We explored mountains, hiked, and enjoyed the views. We also went to the beach, played in the waves, and built sandcastles. Another time, we visited a historical city and learned cool things. These trips were all about family and making great memories!
